MRA500 / 501

Internal 5.25" Multi-bay backplane module

3.5" x 4 HDDs

Introduction

Aluminum alloy case with 2pcs of 40mm fan for excellent heat ventilation solution.

Use 5.25" x 3 bay slots for 4 HDD.

Compact design with worldwide patented tool-less design for HDD ejection.

Patent NSS (Non-Scratch SATA connector)

Patent power/LED cable management

MRA500 / 501 are very durable and strong for end user. We guarantee 50,000 cycles of immediate hot-swap guarantee.

It's tool-less & screw-less design for HDD installation and tray-less design.

Easy remove the HDD from PC and transport to anywhere.

Simple installation. Easy, fast, safe, convenient and reliable.

Feature

- I Aluminum alloy case with 2pcs of 40mm fan for excellent heat ventilation solution.
- I 3 x 5.25" slots afford 4 HDDs
- I Easy transport and secure valuable data.
- I Unique key lock design (for MRA501)
- I Dual LED indicator (Blue: power on, Red: HDD activity)
- I 50,000 times immediate hot swap guarantee.

- I Worldwide patented 50K hot swap cycles NSS (Patent NSS :Non-Scratch SATA connector)
- I Patent power / LED cable management
- I Support SATA II (3.0Gb/s).
- I Tool-less & screw-less design for hot-swapping HDD
- I Tray-less structure
- I Patented SATA power cable with LED signal cable

Specification :

- I Aluminum alloy case materials
- I Hot-swap rack enclosure , fits in 3 X 5.25" slot of PC case , afford 4 HDDs
- I HDD ejection: Worldwide patented design, tool-less & screw-less structure
- I Easy transport and secure valuable data
- I Unique key lock design (for MRA501)
- I Dual LED indicator for Power (Blue LED) and HDD Access (Red LED)
- I Support Hot-swap
- I Swapping guarantee cycle:50,000 times immediate hot swap guarantee
- I Patent NSS (Non-Scratch SATA connector)
- I Patent power / LED cable management
- I Two rear cooling fans 40 x 40mm, one ball one sleeve bearing, guarantee 30K hours
- I Low noise and high performance
- I Working Temp: 0 C~50C
- I Supports SATA II (3.0 Gb/s)
- I Driver-Free support
- I Power supply: Specific 7 + 15P SATA cable (standard)
- I Weight :1383g
- I Product size: 194 x 146 x 127 mm
- I Remark: Limit-free for HDD capacity

Support O/S :

- I Windows98SE/ME/2000/XP/Vista
- I MAC OS X (10.3.9 or higher)

Accessories :

- I Lock/Unlock keys x2 (for MRA501)
- I Screws x 8
- I Specific SATA7 + 15P cable x 4
- I Manual

Package :

- I Generic packing (White Box)
